BURST CREATIVE GROUP
Web Designer and Branding
Position Overview - Vancouver, BC Canada

We produce **meaningful, inspirational,** and **impactful** work we're proud to celebrate as a success!

Join us if you want to work alongside great teammates, friends, and yes...even dogs. We work with some of Vancouver's largest brands and build products that matter.

WHO WE ARE

We've been operating since 2010, so it's safe to say that we've been around the block. We've come to realize that although there is no 'i' in 'team', truly understanding each team member strengthens us as a whole. That's why we've built a tight knit group of creatives who value individuality, personality, and most of all the ability to create! At Burst, you're not expected to talk, dress, or act a certain way. We're all individuals, and that's why working here is such a blast. As a matter of fact, your uniqueness may help shape the future. Working with us, your thoughts and ideas will matter.

WHO YOU ARE

-   You have an inspiring portfolio which demonstrates an understanding of high quality design and the technical abilities required to bring such designs to fruition.
-   Excellent English communications skills.
-   You pay keen attention to detail.
-   You have in-depth knowledge of web design.
-   You have experience creating prototypes with InVision.

- You're a team player.
- You're able to work in a fast-paced working environment.
- You have extensive knowledge of Adobe Creative Cloud software.
  - Photoshop
  - Illustrator
  - InDesign
  - XD

WE WANT YOU TO

Work alongside other designers, developers, project managers and clients in order to:

- Manage assigned workloads while being able to meet deadlines.
- Participate in meetings and provide estimates when required.
- Create sitemaps and wireframes for web projects.
- Create beautifully designed website mockups which align with the latest design trends.
- Create responsive designs for desktop, tablet, and mobile screens.
- Feel comfortable presenting their work to clients and can receive feedback without getting frustrated.

IT WOULD BE AWESOME IF YOU

- Have experience with motion design.
- Have a basic understanding of CSS and HTML.

Job Type: Full-time in office position. Must be eligible to work in Canada.

Years of Professional Experience: 1+ years work experience with web design, UI/UX, and graphic design.

Minimum Education Requirement: Post secondary education.

Location: Vancouver, BC Canada.
